

Maryna Bodnaryuk

QUADRILINGUAL AI DATA ANNOTATOR & LANGUAGE QA SPECIALIST

— PROFILE

Quadrilingual professional (Portuguese · Ukrainian · Russian · English) transitioning into AI data annotation and multilingual language QA. Background in high-volume operations and data-driven workforce management at Konecta (Inditex / Zara Online, 15 markets) brings strong attention to detail, structured thinking, and comfort working with large datasets and strict quality metrics. Native fluency across three languages makes me a strong fit for cross-lingual annotation, RLHF evaluation, and translation QA pipelines.
